

HLTAID009 Provide cardiopulmonary resuscitation

by Safety Corp Pty Ltd, Registered Training Organisation (RTO) 91694

This nationally recognised training is offered by, or on behalf of Safety Corp Pty Ltd (RTO 91694). Training, assessment, and related educational and support services may be provided by an authorised third party training provider.

Safety Corp Pty Ltd is responsible for the quality of the training and assessment in compliance with government legislation, and for the issuance of certificates, including where services are provided by an authorised third party provider.

Overview

The course we deliver is highly practical and focused on developing skills you can put into practice in real emergency scenarios.

This course provides the skills and knowledge required to perform cardiopulmonary resuscitation (CPR) in line with the Australian Resuscitation Council (ARC) Guidelines. This course applies to all persons who may be required to provide CPR, in a range of situations, including community and workplace settings.

Certain workplaces may require additional or specialised training, including childcare and high-risk environments. If you are unsure whether the training product is right for you, please seek advice from the training provider.

Key Learning Outcomes

- Recognise an emergency situation
- Identify, assess and minimise hazards to health and safety of self and others
- Assess the casualty and recognise the need for CPR
- Infection control
- Seek assistance from emergency services
- Perform cardiopulmonary resuscitation in accordance with ARC guidelines
- Drowning
- Appropriate use of an Automated External Defibrillator (AED)
- Accurately convey incident details to emergency services
- Contribute to a review of the first aid response
- Legal, workplace and community considerations

Unit of Competency

On successful completion of this course, students will be eligible for a Statement of Attainment (SOA) for:

- **HLTAID009 Provide cardiopulmonary resuscitation**

An SOA will be issued by Safety Corp Pty Ltd within 30 days of completion of the course, provided all USI, fees and charges have been finalised.

The units of competency listed above are current on the National Register of VET at the time of publication. To view all the training package requirements of these units, click on each of the unit titles above.

Pre-Requisites

There are no pre-requisites for this course.

Course Requirements

Successful completion of this course requires participants to have the physical ability to respond to an emergency situation where they need to maintain breathing and circulation in an adult, child or infant following cardiac arrest. This includes the requirement for all participants to perform at least 2 minutes of uninterrupted CPR on an adult resuscitation manikin placed on the floor.

Foundation skills are the underpinning communication skills required for participation in the workplace, the community and in adult education and training.

- Learning – to learn to provide cardiopulmonary Resuscitation in an emergency.
- Reading – to use a defibrillator (AED).
- Writing – to complete documentation such as reports/risk assessments.
- Oral communication – to call the ambulance and provide a handover.
- Numeracy – to count the number of compressions and breaths.
- Digital literacy – to access and navigate online learning environments (where applicable).

All training and assessment materials and equipment will be supplied throughout the course. Students will need to bring a blue or black pen and wear comfortable, casual clothing.

If you are concerned about any of these requirements please contact your training provider prior to enrolling into the course.

Delivery Modes

Training and theory assessment may be completed either in a classroom environment or online. Consideration is given to previous skills, knowledge and experience for students refreshing an existing or equivalent certificate. Minimum timings below are approximate and will vary depending on the number of students and their experience.

	Classroom Training	Online Training
Classroom training	1.5 hours	
Classroom theory Assessment	0.5 hours	
Detailed online training		1.5 hours
Online theory assessment		0.5 hours
Classroom practical assessment	1 hour	1 hour
Total	3 hours	3 hours

Training and assessment can be adjusted to account for specific workplace requirements and the existing skills and knowledge of the students.

Locations

Training and assessment may be held at a training facility or on a client's site. Please contact your training provider or Safety Corp for more information.

Renewal

The ARC recommends that refresher training in CPR should be carried out annually. Ask your employer about their currency expectations.

Fees and Payments

This course may be offered and delivered by an authorised third party or directly by Safety Corp Pty Ltd. The course fee will be paid direct to the delivering organisation in either case.

This course may be arranged by an employer who can be invoiced for the training. If the student is booking direct, training fees must be paid by the student directly to the delivering organisation. Course fees and payment terms will be communicated to the booking party (employer or student) prior to enrolment.

To view our full Fees Cancellation and Refund Policy please visit the [Resources](#) section on our website.

In the event a course is cancelled, or the services are otherwise unable to be delivered, a full refund will be provided to the booking party.

Complaints and Appeals

Safety Corp Pty Ltd has policies in place to ensure complaints and appeals are recorded, acknowledged and dealt with fairly, efficiently and effectively. To view our full complaints and appeals policy please visit the [Resources](#) section on our website.

Additional Information

This course;

1. does not involve any work placement arrangements,
2. does not enable students to obtain a licensed or regulated outcome, and
3. is not associated with any VET FEE-HELP, government funded subsidy or other financial support arrangements.

Safety Corp cannot guarantee that:

1. a learner will successfully complete the course; or
2. a learner will obtain a particular employment outcome by completing the course.
